Contact details on listing page

Use the contact details on the listing page. The telephone number, fax number and email address are all provided. A link is also provided that will bring you to the business' own website.

Contact Form

At the bottom of each listing page is a contact form. This form is linked to the business directly. Simply fill in this form with your details and query, press send, and it will be sent to the business for you. If you have an email address it will confirm your request has been sent.

Send multiple contact forms

If you would like to send the same request to a number of businesses use our Favourites function and it will save you sending the same contact form multiple times.

On every listing page, under the description of the service, is an Add to Favourite button.

Just click on that button and the listing will be added to your favourites. To add another business to the listing, simply repeat this step.

When you have added all your favourites, go to My Favourites. This button will be shown in the top image on all your subsequent pages.

On your My Favourites page you will see the listings you have added and one contact form. Simply fill in this form with your details and query, press send, and it will be sent to all the businesses for you.

If you have an email address it will confirm your requests have been sent.

How to give feedback

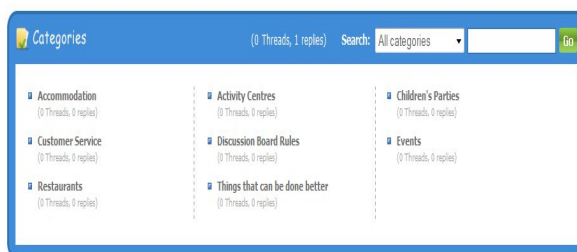

A feedback form titled "Feedback Form" with a blue header. It contains four fields: "Name*" (text input), "Email*" (text input), "Rating*" (five star icons), and "Comment*" (text area). Below the comment field is a green "Submit" button and a note "Max.250 characters".

Feedback Form

On every listing page is a feedback form. This form allows you to provide 'constructive' feedback on your experience with the business and how you rate the service.

Simply fill in the form with your details and comments, click on the stars to confirm your rating and Submit.

Your rating will immediately update the rating of the business. You will also receive an email thanking you for your feedback.

Discussion Boards

Our discussion boards are here to provide visitors the facility to get opinions on businesses and child related issues and to provide feedback to EazyDazy and to other businesses.

You do not have to register to use the discussion boards.
